

State of the AnVIL 2026: Community Poll

— welcome

State of the AnVIL 2026: Community Poll

Thank you for participating in the State of the AnVIL 2026 Community Poll!

AnVIL (<https://anvilproject.org/>) (the NHGRI Genomic Data Science Analysis, Visualization, and Informatics Lab-space) is a unified environment for secure data management and computing. It enables cloud-based analysis of large datasets without the need to move that data.

This poll aims to understand your experience with the AnVIL platform, including your needs and any barriers to adoption, by collecting data on usage, experiences, and preferences. It should take 10–15 minutes to complete.

Your feedback will directly shape how we develop AnVIL to better support your work and research needs.

DATA CONFIDENTIALITY: Responses are anonymous. Data will be stored on a private, password-protected server with access restricted to members of the AnVIL Team.

DATA SHARING: Insights from this data may be shared externally within summary reports (published with a peer-reviewed journal or posted on a public website) or infographics. All poll responses are aggregated and reported anonymously to protect the privacy of participants.

PARTICIPATION: You must be 18 or over to participate. You can stop participating in the poll at any point. You do not need to answer optional questions. Any answers that are ultimately submitted (and not removed or requested to be removed by the participant) will continue to be used for platform improvement and/or reports.

RISK: Risk of participation is minimal. The questions we ask pose minimal security risk to participants as they focus on your personal experience and expectations. While we have taken measures to ensure the security of the poll responses, please be aware that no online system is completely secure. By participating in this poll, you understand and accept the inherent risks associated with transmitting information over the internet.

CONSENT: By completing this poll, you are consenting to be included in our study. Your participation is voluntary and you can stop at any time.

I am 18 or over AND I consent to my responses being used for evaluation and development of the AnVIL platform.

What is your career stage/position?

- ☐ Student (undergraduate, graduate, or medical)
- ☐ Postdoc
- ☐ Academic (professor or principal investigator)
- ☐ Service (staff scientist, research assistant, bioinformatician, program administrator)
- ☐ Other

*

(Optional) Please describe your “Other” career stage/position.

*

What type of institution are you affiliated with?

- ☐ Research Intensive Institution
- ☐ Teaching Focused Institution
- ☐ Hospital/Medical Center or School
- ☐ Government
- ☐ Industry
- ☐ Other

*

(Optional) Please describe your “Other” institutional affiliation.

*

How much experience do you have analyzing the following data categories?

No experience	Little experience	Some experience	Moderate experience	Extensive experience
---------------	-------------------	-----------------	---------------------	----------------------

- Human genomic
- ☐ No experience
 - ☐ Little experience
 - ☐ Some experience
 - ☐ Moderate experience
 - ☐ Extensive experience

*

- Non-human genomic
- ☐ No experience
 - ☐ Little experience
 - ☐ Some experience
 - ☐ Moderate experience
 - ☐ Extensive experience

*

- Human clinical
- ☐ No experience
 - ☐ Little experience
 - ☐ Some experience
 - ☐ Moderate experience
 - ☐ Extensive experience

*

*

Are you currently part of the AnVIL Internal Team?

- ☐ Yes
- ☐ No

*

Which statement best describes your awareness and current usage of the AnVIL Platform?

- ☐ I currently use AnVIL for my work/research.
- ☐ I have explored or trained on AnVIL, but have not used it for my work/research.
- ☐ I have previously used AnVIL for my work/research, but do not currently.
- ☐ I have heard of AnVIL, but never used it.
- ☐ I have never heard of AnVIL.

*

This section asks some general questions about your use of AnVIL.

Do any of the following factor into your use of AnVIL? (select all that apply)

- ☐ My consortium uses AnVIL
- ☐ My institution or funder requires it
- ☐ I use it to comply with NIH's Data security policies
- ☐ My institution supports or encourages its use
- ☐ None of these

*

Why do you choose to use AnVIL? (select all that apply)

- ☐ To collaborate with others
- ☐ To make my work more transparent or reproducible
- ☐ I tried it and it met my needs
- ☐ It offers features I need (e.g., data access, tools, workflows, computing resources)
- ☐ Recommended by colleagues
- ☐ It is more affordable than other options
- ☐ Other

*

(Optional) Please describe your “Other” reason for using AnVIL.

*

Does your consortium run analyses with AnVIL?

- ☐ Yes
- ☐ No

*

Does your consortium use AnVIL to store or release data?

- ☐ Yes
- ☐ No

*

(Optional) Please list your relevant consortia affiliations.

*

How long have you been using AnVIL?

- ☐ < 1 year
- ☐ 1-2 years
- ☐ 2-4 years
- ☐ 4-6 years
- ☐ 6+ years

*

On a scale of 0–10, how likely are you to recommend AnVIL to a colleague or collaborator?

- ☐ 0 - Not at all likely
- ☐ 1
- ☐ 2
- ☐ 3
- ☐ 4
- ☐ 5
- ☐ 6
- ☐ 7
- ☐ 8
- ☐ 9
- ☐ 10 - Extremely likely

*

(Optional) Tell us what factored into your response above.

Why did you stop using AnVIL? (select all that apply)

- ☐ My project or role changed
- ☐ It no longer met my needs
- ☐ I found a different tool or platform that works better for me
- ☐ Cost

- ☐ Technical or usability issues
- ☐ Lack of institutional or funder support
- ☐ Other

*

(Optional) Please describe the “Other” reason you stopped using AnVIL.

*

What would make AnVIL easier or more useful for your work? (select all that apply)

- ☐ Nothing — AnVIL already meets my needs
- ☐ Clearer documentation or tutorials
- ☐ A simpler or more intuitive interface
- ☐ Lower cost / more funding
- ☐ Institutional admin / IT support
- ☐ Access to additional datasets
- ☐ Access to additional tools or workflows
- ☐ More training or onboarding resources
- ☐ Better integration with other platforms I use
- ☐ Nothing - I don't need AnVIL right now
- ☐ None of these
- ☐ Other

*

(Optional) Please describe “Other” that would make AnVIL easier or more useful for your work.

The next sets of questions ask specifically how you tend to use AnVIL.

Specific Use: Data submission

Do you submit or manage data (e.g., for a consortium or lab)?

- ☐ Yes
- ☐ No
- ☐ Unsure

*

Do you submit or manage raw data (e.g., sequencing reads) or summarized data (e.g., count tables, variant calls, etc.)? (select all that apply)

- ☐ Raw data
- ☐ Summarized data
- ☐ Unsure

*

How satisfied are you with AnVIL data submission or management?

- ☐ Very dissatisfied

- ☐ Dissatisfied
- ☐ Neutral
- ☐ Satisfied
- ☐ Very satisfied

*

(Optional) What would make AnVIL easier or more useful for your data submission or management work?

Specific Use: Running analyses

Do you run interactive analyses (e.g., using Galaxy in AnVIL, Jupyter Notebooks, RStudio)?

- ☐ Yes
- ☐ No
- ☐ Unsure

*

Which interactive analysis solutions do you utilize on the AnVIL? (select all that apply)

- ☐ Jupyter Notebooks / terminal
- ☐ RStudio
- ☐ Galaxy in AnVIL

*

(Optional) Which interactive analysis solutions do you utilize separate from the AnVIL?

*

Do you run scalable workflows (e.g., WDL)?

- ☐ Yes
- ☐ No
- ☐ Unsure

*

Do you bring your own data to the AnVIL or use AnVIL hosted datasets? (select all that apply)

- ☐ Bring my own data
- ☐ Use AnVIL hosted datasets

*

Do you access raw data (e.g., sequencing reads) or summarized data (e.g., count tables, variant calls, etc.)? (select all that apply)

- ☐ Raw data

☐ Summarized data

*

Do you utilize AnVIL hosted open-access or controlled-access datasets? (select all that apply)

☐ AnVIL hosted open-access datasets
